

BONE HEALTH

Strong bones for a strong body. Start building and keep your bones strong with bone-building nutrients to make sure they stay healthy down the line.

OsteMatrix®

Treasure Your Bones With Bone-Building Nutrients

Bones are the support system of your body, so it is important to keep them strong and healthy. Your body makes new bone faster but as you age, more bone is lost than gained. So, it is important to supply your bones with quality bone-building nutrients.*

You Need More Than Calcium For Stronger Bones

Calcium

Building blocks for bones

Magnesium

Helps incorporate calcium into bones

Boron

Aids bone metabolism

Vitamin D

Stimulates calcium absorption

Copper, Zinc and Manganese

Activates enzymes that help build bone mass

#10128 | 120 caplets / 30 servings

Suggested use: For adults only.
Take 4 caplets one time a day with meal

Nutritional Facts	
Each Caplet provides:	
Ingredients	Amount Per Caplet
Vitamin D ₃ (as cholecalciferol)	100 IU
Calcium (as calcium carbonate, calcium citrate, and calcium citrate malate)	250 mg
Magnesium (as magnesium oxide, magnesium gluconate and magnesium citrate)	100 mg
Zinc (as zinc gluconate)	0.4 mg
Copper (as copper gluconate)	0.05 mg
Manganese (as manganese gluconate)	0.05 mg
Boron (as trace mineral protein hydrolysate)	0.75 mg

THE SHAKLEE DIFFERENCE

Specially formulated with a matrix of 7 critical nutrients including calcium, vitamin D, magnesium, zinc, copper, manganese and boron to help build bone density. Small, easy-to-swallow caplets.

Consumption of just two caplets of OsteMatrix® resulted in statistically significant increases in blood calcium levels as measured over a 12-hour period. For the body to use calcium to build and maintain strong bones, calcium must first be absorbed.
