### THE SHAKLEE DIFFERENCE

**Concentrated fish oil**  
OmegaGuard™ provides a full spectrum of seven pure Omega-3 essential fatty acids, naturally found in small, cold-water fish. Each serving contains concentrated 999mg of Omega-3 (546mg EPA which benefits your health and 360mg DHA which is important for normal development and function).

**Triple Molecular Distillation**  
To ensure purity and potency, the fish oil in OmegaGuard™ undergoes a modern Triple Molecular Distillation process that concentrates the beneficial Omega-3 fatty acids while removing harmful compounds like mercury, lead, arsenic cadmium, dioxins, PBCs, and other contaminants.

Minimizes odor and fishy aftertaste.

**Friends of Sea**  
Certified by Friend of the Sea® to help ensure a constant supply of high-quality fish oil for Shaklee products without harming the environment.
