

# MINERALS

Minerals help activate the enzymes that perform bodily process.

## ZINC PLUS

### Nature's Metabolic Workhorse

Zinc is a trace mineral found virtually in every cell of the body and a component in over 200 enzymes. As a part of enzyme reaction, zinc is involved in diverse biochemical activities including protein digestion, amino acid metabolism, energy production, bone metabolism, vitamin A utilisation, hormone production.

Zinc is especially important in maintaining proper body functions, supporting cell growth for healthy hair, nails, skin and promoting good health.

# 11009 | 120 tablets / 120 servings  
**Suggested use: For adults only.**  
**Take 1 tablet once per day before meal.**

### THE SHAKLEE DIFFERENCE

- One tablet provides 100% of the Daily Value for zinc.
