For more than 60 years, we have been helping people Live Younger Longer by addressing aging at the cellular level. Now we are applying that same success to helping people Look Younger Longer too.

In our quest to develop a revolutionary youth complex, we discovered something fascinating.

It wasn’t that women minded getting older—they wouldn’t trade that wisdom for anything! They just didn’t like what they saw in the mirror each day that didn’t reflect how young they felt on the inside.

And that was the inspiration for YOUTH. Skin care products designed to make sure the world sees you as young as you see yourself.

To make sure you always look as young as you feel, start now. Your future self will thank you.

Our promise is that YOUTH skin care will not only dramatically improve the health of your skin but is 100% guaranteed to shift your skin to a younger age. Really.

Skin care products designed to make sure the world sees you as young as you see yourself.
We knew our YOUTH Complex would transform how people saw themselves, but could we prove that their skin actually became younger?

Clinically developed by world-class skin experts, the Skin Age Index provided a factual, clinical way to prove the effect YOUTH™ has on the appearance and age of skin. The results are remarkable.

2/3 of women shifted their skin age into a younger decade with YOUTH.

Yes. 100% of women had younger-looking skin, with improvements in just 7 days, and with continued use, 2/3 shifted their skin age into a younger decade.
FINALLY, WITH YOUTH SKIN CARE, YOU'LL LOOK AS YOUNG ON THE OUTSIDE AS YOU FEEL ON THE INSIDE.
YOUTH™ offers clinically proven products created in harmony with nature—bringing you clinical results without compromise.

THE POWER OF BOTANICALS

YOUTH™ is revolutionary. With 8 patents and patents-pending, each and every YOUTH product is specifically formulated to **address the multiple effects of aging**, whether it be your lifestyle, environmental damage, or natural aging.

**MUSCADINE GRAPE**
Patent-pending Muscadine Grape Polyphenols **protect and repair cellular DNA** while blocking collagen and elastin breakdown.

**LOTUS JAPONICUS**
Patent-pending YOUTH Complex, infused with Lotus Japonicus, **activates a key youth protein to regenerate cells to produce more collagen, elastin, and fibrillin**. YOUTH Complex couples Lotus Japonicus with Schisandra Chinensis Fruit Extract that structurally helps provide more nutrients and energy to your skin.

**APPLE STEM CELL EXTRACT**
Studies show that Apple Stem Cells **activate and accelerate skin cell renewal** for younger-looking skin. It also maintains and repairs skin tissues so that your skin look more radiant and supple, longer.
SCHISANDRA CHINENSIS FRUIT EXTRACT
This herb is traditionally used in China, Japan and Korea to soothe and calm stressed, inflamed and itchy skin. Suitable for all skin types, Schisandra Chinensis Fruit Extract supports youthful skin structure by nourishing the skin with natural vitamins and antioxidants.

VITAL REPAIR+® COMPLEX
Multipatented Vital Repair+® Complex provides antioxidant nutrients and essential vitamins to block skin-damaging free radicals and encourages healthy cell growth.
The key to beautiful, younger-looking skin is to accelerate skin cell renewal to a more youthful rate. Young skin does this effortlessly. It renews itself at an optimal rate and produces all the collagen and elastin we need for soft, supple skin with a youthful glow.

But as we age, we lose that glow of youth. Cell renewal slows and we produce less collagen and less elastin.

Unlike ordinary skin care, our advanced technology goes beyond addressing aging on the surface level and targets the cellular level of your skin.

That means we’re not just providing protection and repair benefits, we’re supporting the critical cellular functions that will restore that youthful glow.

We have included a 10x concentration of our patent-pending YOUTH Complex in our Youth Activating Serum, the must-have product in our YOUTH™ Collection.
